DEPARTMENT OF STATE

WASHINGTON

OFFICE OF THE SECRETARY OF STATE

OFFICE OF THE SECRETARY OF STATE

*To General His Excellency the Right Honourable Lord Byng of Vimy, G.C.B.,
G.C.M.G., M.V.O., Governor General and Commander-in-Chief of the Dominion
of Canada.*

MY LORD,—I have the honour to lay before Your Excellency the accompanying report of the Department of the Secretary of State for the twelve months ended March 31, 1922.

I have the honour to be, My Lord,

Your Excellency's most obedient servant,

A. B. COPP,

Secretary of State.

OTTAWA, April 1, 1922.

OTTAWA, April 1, 1922.

The Honourable ARTHUR BLISS COPP, LL.B.,
Secretary of State of Canada.

SIR,—I have the honour to submit, herewith, my report of the operations of the Department of the Secretary of State for the fiscal year 1921-22.

This report, as you will observe, contains no statement respecting the operations of the Clearing Office Branch of the department or of the Office of the Custodian of Alien Enemy Property. These offices have been busily occupied in carrying out the purposes for which they were created, but as final conclusions have not yet been reached in the negotiations respecting the disposition of enemy property, the settlement of claims, etc., it is considered that the publication of a statement at this juncture would be premature. Later a full report and financial statement will be issued for public information.

Among special matters of importance which engaged the attention of the department during the year particular mention should be made of the reception to His Excellency Lord Byng of Vimy, which took place in August last. The programme was drawn up and arrangements for the installation at Quebec and the reception at Ottawa were made by the Secretary of State Department. Much time and study were given to the perfecting of arrangements for the various functions, and I am glad to say that all features of the programme were carried through with signal success.

I have the honour to be, sir,

Your obedient servant,

THOMAS MULVEY,

Under-Secretary of State.

CORRESPONDENCE BRANCH

The Correspondence Branch conducts the general correspondence of the department and administers the Bankruptcy Act (appointment of Trustees), Boards of Trade Act, Canada Temperance Act, Ticket-of-Leave Act, Trade Unions Act, and War Charities Act. The general correspondence includes the official correspondence of the Dominion Government with the Provincial Governments. The branch also has charge of the registration and filing of the correspondence of the Companies Branch in addition to its own.

The volume of correspondence conducted during the year shows slight variation from that of the previous year, while the increased activity which arose in the administration of the Acts above mentioned in the year 1920-21, particularly the Bankruptcy, the Boards of Trade, and Canada Temperance Acts, was sustained. The operations under these Acts may be briefly noted:—

BANKRUPTCY ACT

By the amendment to the Bankruptcy Act passed at the 1921 Session of Parliament the general administration of the Bankruptcy Act was transferred to the Department of Justice, but the provisions of the Act relating to the appointment of trustees are still administered by the Secretary of State. During the year just closed one hundred and forty additional trustees were appointed. A complete list of the trustees appointed up to the 31st of March, 1922, will be found in the concluding pages of this volume. The appointments of twenty-four trustees were revoked during the past year. Thirteen of these resigned; eleven failed to renew their security. The appointments revoked are indicated in the list above referred to. The amount of security which trustees are required to deposit or give guarantee for is \$15,000.

BOARDS OF TRADE ACT

The year was one of increased activity in the administration of this Act. Fourteen new boards, a list of which will be found in the report of the Registrar's Branch, were registered during the year. All boards registered under the Boards of Trade Act or under special Acts of Parliament make annual returns to the department. The correspondence and clerical work involved in the handling of these returns has augmented the work of the branch materially. I am pleased to say that the Boards of Trade have shown a readiness to forward their returns promptly.

CANADA TEMPERANCE ACT

It was noted in last year's report that plebiscites had been taken under the 1919 amendment of the Canada Temperance Act (Part IV) in the provinces of Nova Scotia, Manitoba, Alberta and Saskatchewan on the question of the importation of intoxicating liquors. During the year just closed further plebiscites were taken in the provinces of Ontario, New Brunswick, and in the Yukon territory. Both provinces voted decisively in favour of prohibiting the importation. The result in the Yukon territory was against the prohibition. The vote for and against the prohibition in the two provinces and the territory was as follows:—

SESSIONAL PAPER No. 22

	For.	Against.
Ontario..	540,773	373,938
New Brunswick..	40,050	18,773
Yukon territory	433	828

The prohibition came into effect in Ontario on July 19, 1921, and in the province of New Brunswick on January 17, 1922.

Under Part I of the Act an election was held in the city of Quebec on a petition for the repeal of the operation of Part II in that city. The result was decisively in favour of the repeal and an Order in Council was passed accordingly under date October 18, 1921, revoking the Order in Council (dated December 8, 1917) which brought Part II of the Act into force in that city. The repeal took effect from October 22, 1921.

Part II of the Act continues in force in the following places:—

Ontario.—District of Manitoulin.

Quebec.—City of Thetford Mines and counties of Brome, Stanstead, Compton and Missisquoi.

Nova Scotia.—Counties of Digby and Guysborough.

Manitoba.—Lisgar and Marquette.

TICKET-OF-LEAVE ACT

This Act is administered jointly by the Department of Justice and the Department of the Secretary of State. The Secretary of State receives petitions for clemency and communicates His Excellency's pleasure in relation thereto to the parties concerned. The number of sentences which came under review in the Remission Office of the Correspondence Branch during the year closed was 1,897, not including "No Interference" cases, that is, cases which had been under consideration on previous occasions and in which clemency was withheld. Licenses or tickets-of-leave were granted in 913 cases and temporary licenses in five. These temporary licenses are issued for the purpose of allowing prisoners to leave prison for medical examination or treatment.

Sixteen capital cases were dealt with in the branch during the year, jointly with the Department of Justice. The judges' reports and the evidence in all such cases are filed with the Secretary of State, who also communicates His Excellency's decisions regarding the execution of the sentences to the authorities concerned. Of the sixteen cases the death sentence was carried out in five; five were commuted; in the remaining six cases new trials or reprieves were granted.

WAR CHARITIES ACT

Some 272 societies are now registered under this Act and are making returns to the department. Although the number has been diminishing gradually since the close of the war, the fact that so many have maintained their registration under the Act bears forcible testimony to the serious interest the Canadian people have taken in the rehabilitation and welfare of their soldiers. It is also noteworthy that some twelve new societies were registered during the year just closed. These societies are as follows:—

Lord Byng of Vimy Chapter, I.O.D.E....	Magrath, Alta....	Mar.31, 1922	Mrs. Lawrence Clark.	Mrs. E. H. Gaunce.

By a change in the regulations made during the year War Charities are now required to make returns to the department once a year instead of twice, and societies which are required under their articles of incorporation to make reports to other departments are now exempted from making returns under the War Charities Act.

TRADE UNIONS ACT

No new Trade Unions were registered during the year. The returns made by the existing unions were checked and filed in the Correspondence Branch.

CARD INDEX OF COMPANIES

During the year the registration clerks completed a Card Index of charters under The Companies Act from the year 1913 to date. This index supplements and brings up to date the printed list of incorporations issued by the department in 1914, which contains a list of charters granted to the end of 1913. This index has proved a valuable addition to the equipment of the branch.

REGISTRAR'S BRANCH

The following detailed statement of work performed in the Registrar's Branch for the year ended March 31, 1922, indicates a considerable increase in several classes of the work of the branch. Some 394 more documents were recorded than in the previous fiscal year:—

¹ An annual statutory return of bonds is submitted to Parliament under section 32 of Chapter 1, R.S.C., 1906, giving full particulars of all bonds registered in the branch since last return.

² Quarterly returns of these lands were sent to the registrar of each city and county in the province of Ontario, and to the secretary-treasurer of each city and county in the province of Quebec in which patents were issued, and copies of the several returns in Ontario were also sent to the provincial secretary of Ontario.

During the year copies have been made of over 3,200 pages of documents and records, including 517 certified copies and certificates.

Over 2,650 searches have been made for company names through the Dominion and Provincial lists of incorporated companies in order to prevent duplication in names of companies incorporated.

A considerable amount of miscellaneous work has been performed, such as proof reading, furnishing memoranda of various kinds, and supplying information from the indices and records.

A list of public officers to whom Commissions have been issued and a list of Boards of Trade registered since the last report are also submitted herewith.

THE COMPANIES BRANCH

The number of companies incorporated under The Companies Act and amending Acts during the fiscal year 1921-22 was 895, including 20 corporations without share capital, with a total capitalization of \$351,555,900, and the number of existing companies to which supplementary letters patent were issued was 127, of which 43 increased their capital stock to the amount of \$18,275,000, 13 decreased their capital stock \$5,121,450, the remaining 71 being granted supplementary letters patent for various purposes such as changing names, extending powers, etc., making a total of 1,022 charters and supplementary charters issued during the year; while the total capitalization of new companies and the net increased capital of existing companies amounted to \$364,709,450, the maximum total. The usual synopses (with index thereto) giving full particulars of all companies incorporated, as well as of all existing companies to which supplementary letters patent were granted during the fiscal year, are appended hereto.

A considerable increase has been noted in the number of documents registered pursuant to Section 69a of The Companies Act, there having been 122 documents registered during the fiscal year 1921-22 as compared with 62 during the preceding fiscal year. The total amount of money secured by new Mortgages, Trust Deeds and Debentures during the past year is \$211,542,789.35. The instruments entered upon the Register of Mortgages and Charges comprise 107 new Mortgages and Trust Deeds, 2 Memoranda of Satisfaction, 2 Appointments of Receiver and Manager, and 3 Debentures not covered by Trust Deeds.

The total number of companies which have submitted the summary prescribed by Section 106 of The Companies Act for the fiscal year ended March 31, 1921, up to and including March 31, 1922, is 3,604, which indicates an increase of 404, when compared with the number (3,200) submitted during the previous fiscal year. 413 delinquent returns for the fiscal years ended March 31, 1918, 1919, and 1920, were also received, making a total of 4,017 returns received during the past fiscal year.

Improvement continues to be noted in the manner in which the requirements of Section 106 of The Companies Act are being observed. Many companies, however, are still in default and should comply with the law without further delay. A considerable number of companies which filed returns during previous fiscal years have ceased to be subsisting companies and have been requested to surrender their charters for cancellation.
